

aquathin university application

**** Three-day cancellation notice required. ****

Dear Prospective Student:

*Thank you for your interest in attending **AQUATHIN UNIVERSITY**. You are coming to Aquathin U. because you desire an understanding and a professional response to what is wrong with your Client's water. Here is a portion:*

*EPA regulates only 91 contaminates. Each year 10,000 new chemicals are introduced into the environment. The total amount of toxic waste created in 1999 was almost 20 billion pounds. Now its hard to put a billion of anything into perspective...so here's a try. 20 billion pounds worth of 5 pound bags of sugar laid end to end would be 757,576 miles in length. The moon is only 240,000 miles away. Continuing laboratory and government research has caused the EPA to reduce the MCLs of many of the regulated contaminates. Common sense should tell you then that the water you were told was safe to drink 10 & 20 years ago, was not safe by today's standards. **HOW DO YOU FEEL ABOUT THAT ?** You are going to provide a solution to your Customer's concerns. The Customer has a right to investigate competitors. But here is their **ONLY CHOICE: WOULD YOU WANT A SYSTEM THAT ALLOWS YOU AND YOUR CHILDREN TO CONTINUE TO CONSUME CONTAMINATES....OR ONE THAT REMOVES CONTAMINATES TO THE VERY BEST POSSIBLE CAPACITY ?***

WELCOME TO AQUATHIN UNIVERSITY WHERE YOU LEARN

- 1. PURIFICATION PROCESSES - WATER PROBLEMS AND THE ANSWERS.*
- 2. SOFTENING, FILTRATION AND UNIQUE SITUATIONS.*
